

Dr Pamela Benito

Believe in slow age rejuvenation. **SuneKOS®** changes everything.

Go ahead, pinch yourself, see how quickly your skin's natural elasticity responds.

As you know, as we age, our skin loses its natural elasticity.

The award-winning SuneKOS® is a completely new category of product that works on your skin from within*.

SuneKOS® improves signs of ageing by enhancing, stimulating and boosting the production of new collagen and elastin, **helping rebuild and rejuvenate your skin.**

The results are so amazing you will need to pinch yourself again to see, feel and believe just how well it really works.

Pamela

Dr Pamela Benito

*No other product stimulates your skin's natural elastin and collagen production to slow down how your skin ages.

SuneKOS 1200 & Performa Face Neck & Décolleté Protocol

Composition

SuneKOS Performa is a 3.5ml pre-mixed vial composed of 35mg of low density HA (50-250KD) + 128mg AA (HY6AA Formula: Glycine, L-Proline, L-Lysine MHC, L-Leucine, L-Valine, L-Alanine) in a specifically balanced solution adapting to the electrolyte composition of the Interstitial Fluids of the face, neck, hands and décolleté.

Your treatment plan

3-4 sessions placed 14 days apart. The first injection of SuneKOS Performa on face has to be done together with SuneKOS 1200. SuneKOS 1200 is not required for neck and décolleté.

For best results top up after 6 months and use NutraKOS homecare post treatment.

Indications

Wrinkles, elastosis and skin laxity of the face, neck, hands and décolleté.

Technique

SuneKOS 1200: with cannula or needle
SuneKOS Performa:

“ It has been a genuine game changer for the treatment of lines around the eyes, dark eye circles, vertical lip lines and loose skin on the neck. ”

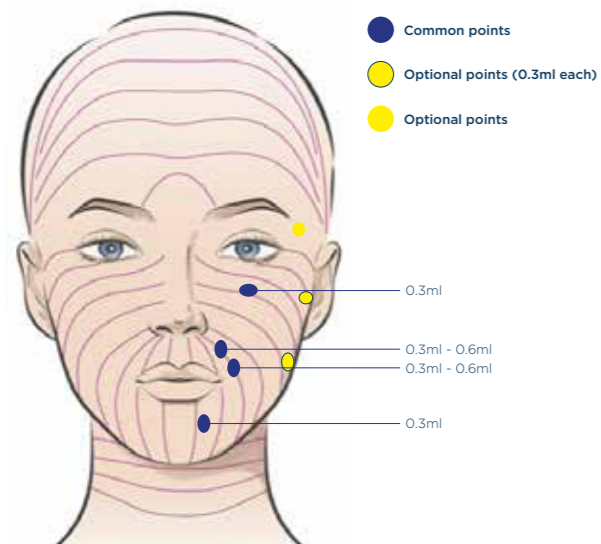

Dr Mark Holmes

The HY6AA compound in SuneKOS products in the study in vitro were able to over express collagen IV and elastin, the promoting the assembly of matrix components. LMWHA (from 50 to 250 Kda) is able to give a good neo-angiogenesis, hydration, anti-oxidant and anti-inflammatory tissue response.

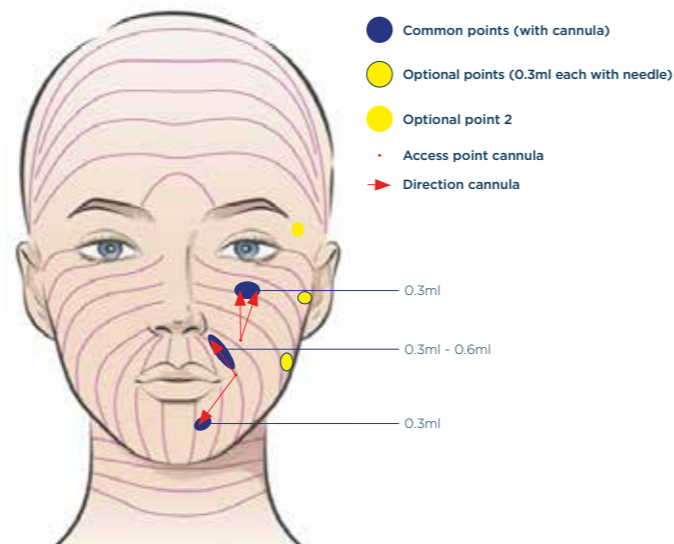

Technique SuneKOS 1200 with needle

Details

Needle 27-30G and 13mm
1ml syringe (recommended)
Medium/deep DERMIS
Only @ 1st session before injecting SuneKOS Performa

Perpendicular to the Folding Lines

Technique Periocular area (eye bags & dark circles)

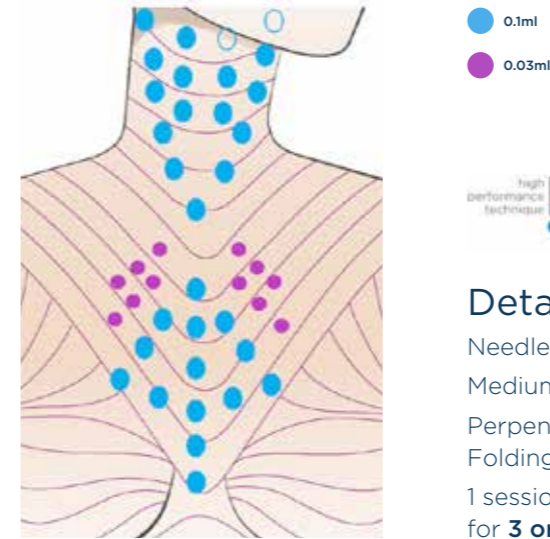

“ It has been a genuine game changer for the treatment of lines around the eyes, dark eye circles, vertical lip lines and loose skin on the neck. ”

Dr Mark Holmes

High Performance Technique Neck Décolleté

“ With ageing we get a disruption of the homeostasis of the Extra Cellular Matrix (ECM) and in particular we get a reduction in the number of fibroblasts and their activity, which means less collagen and less elastin.

Elastin is the stretch ability and snap-back quality of the skin. Collagen type 4 is crucial because it gives us that anchor to the loose tissues. Very few products give this stimulation of collagen type 4.

By restoring the ECM with SuneKOS we can counteract this process. ”

Dr Mark Holmes

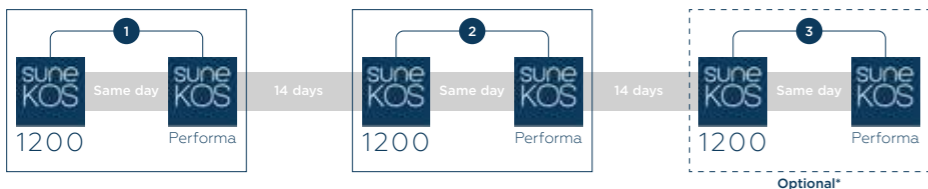

SuneKOS 1200 & Performa Hand Protocol

Thin skin of hands is one of the most affected by the loss of elastic properties.

Your treatment plan

2-3 sessions placed 14 days apart. The combined action of SuneKOS 1200 + SuneKOS Performa injected with Cushion Technique helps to rejuvenate the skin.

Indications

Severe wrinkles and sagging skin.

Technique

SuneKOS 1200: with cannula
SuneKOS Performa: with needle
